

# ENHANCING YOUR PRACTICE THROUGH CBCT TECHNOLOGY: “IT’S NOT WHEN ANYMORE”

This 2 hour course will take you into the world of how 3D imaging brings your practice into another level of accurate dental diagnostics. Humbling as it may sound, traditional 2D diagnostics often amounts to “not seeing enough” and CBCT imaging truly enhances your opportunities to see and understand far more. Years ago, this was thought to be a specialty item but today, the fastest growing area in general dental offices for diagnostics is CBCT imaging. You may still be asking yourself why, and this program will take a deep dive into clearly demonstrating why my office takes 70 scans per month, and yes, I am a GP.

## Wednesday, February 23rd

5:00p.m. - 7:00 p.m.

**WHERE:** Gino's East, Mag Mile  
162 E Superior St, Chicago, IL 60611  
(3rd Floor)

Sponsored by:

\$125 RSVP Hold per attendee. Fully refundable upon attendance.

RSVP by 02/18/22, [daniel.sims@dhpSupply.com](mailto:daniel.sims@dhpSupply.com)

# 2CE CREDIT

PRESENTED BY:

**DR. LOU GRAHAM**

### EVENT HIGHLIGHTS

- Why I haven't taken an FMX in years and neither will you
- How to make this profitable month 1
- The flow of my initial exam and how ultimately this will become yours
- Restoratively Driven Implants is the only way to treatment plan today and this should be driven by YOU
- How much you miss with a 2D periapical and why it's so often crucial to see more
- How this fits into every day decision making in regards to: endodontics, restorative, periodontics, sleep and so much more
